

GALVANIZED COMPRESSION COUPLINGS

Rapid/Cascade Clamps Galvanized Compression Couplings are made to suit Australian standard galvanised, steel, and uPVC pressure pipe sizes, and are an effective way to join these pressure pipes together.

MATERIAL

Rapid/Cascade Clamps, galvanized compression couplings, are designed and manufactured under Quality Management System, certificate to ISO9001:1994.

Couplings and End Nuts

Malleable Galvanized Iron

Gasket

Natural Rubber

Pressure Rating

1600 KPa.

Galvanized Compression Couplings

Code	DN Size		To Suit OD Pipe
RGC15S	15mm	½ inch	21.3mm
RGC20S	20mm	¾ inch	26.7mm
RGC25S	25mm	1 inch	33.4mm
RGC32S	32mm	1 ¼ inch	42.2mm
RGC40S	40mm	1 ½ inch	48.3mm
RGC50S	50mm	2 inch	60.3mm
